MANY INJURED!

Last Evening, at Chicago, During the Closing Festivities of the Centennial Inaugural Exercises.

CHICAGO, May 1.—When the last rocket had exploded at Lincoln park last night, the people made a wild rush for every street leading from the south end of the park. The crowd at Clark street and North avenue became so dense that the police found it impossible to handle them. The wooden sidewalk at the northwest corner gave way and several hundred persons fell five or six feet.

In the scramble to get away, women and children were trampled and many painfully injured. The crowd surged across the street and broke down the other sidewalk. The Larribee street patrol cleared the street and helped the injured home.

Among those hurt were: Max Rohrer, 181 Blackhawk street, head cut; T. C. Somsen, foot badly crushed; F. D. Dippe and wife, 77 Orchard street, badly bruised; James Sholocy, a little boy eight years old, was thrown under the sidewalk and not found for an hour after; Johnny Granahan, of 57 Habbin, and Eddie Hetches, of 59 Habbin, both small boys, were badly bruised.

CHICAGO, May 1.—A series of distressing accidents occurred on the Lake front, shortly after 9 o'clock, last evening, just as the festivities of the day were closing, which marred the joyous proceedings of the entire day. Five persons were fatally injured in the crush of people and a score or more received wounds of a serious nature.

The first accident was caused by a premature explosion of some fire works. An unknown lady was severely burned about the lower limbs. While endeavoring to extinguish the flames consuming the lady's clothing, August Schultz, a barber, was seriously burned about the face and hands.

Fred Esenberg, thirteen years of age, was terribly burned about the face and hands. He was taken to the hospital and will die.

Jno. Houlihan, seventeen years of age, was badly burned about the limbs and body. He jumped into the lake to extinguish the fast consuming fire and was rescued and taken to the hospital.

Daniel Grant, a thirteen-year-old boy, was fearfully burned all over the body by the premature explosion of a "fire pot." His recovery is impossible.

While this was going on, a scene still more terrible, was being enacted on Michigan avenue near Harrison street.

The crush at this point was simply fearful. Strong men were picked up and carried bodily along, while women and children were knocked down and trampled upon. The more seriously injured were: Miss Kittie Conway, terribly tramped, will probably die, and Mrs. Geo. F. Farrer, overcome by heart disease and burned.

Miss Lizzie Howard was knocked down and bruised by a runaway horse. Mrs. T. E. Brady was overcome by heart disease and badly crushed. Miss Crowley was knocked down and trampled upon and seriously injured. Mrs. Mary Schubert and Lina Schubert were trampled on and seriously injured.

It is estimated that fully a score of persons, besides those mentioned, received injuries of a slight nature, but were cared for and taken home by their friends. Eye witnesses to the exciting scenes say that the crush and stampede was fearful and the only wonder is that many persons were not killed outright.

As far as can be learned about 100 people were injured, but no deaths have yet been reported. Those who were the most seriously injured were the three boys who were taken to the county hospital, and it is now thought they will recover.

Foreign.

LONDON, May 1.—The direct examination of Mr. Parnell before the Parnell commission, was concluded to-day. He ended his testimony by declaring that he had conducted the agitation in Ireland constitutionally. Mr. Parnell's cross-examination was then begun by Sir Richard Webster, the *Times'* counsel.

The Rt. Rev. Andrew Higgins, Roman Catholic bishop of Kerry, is dead. He was consecreated in 1882.

The Clyde sugar market has revived. The market is active to-day, sales being made at reduced prices.

LONDON, May 1.—This was the second day of the New Market First street spring meeting. The race for the 2,000 guines stake was won by Mr. Douglas Baird's chestnut colt, Enthusiast. The Duke of Portland's Donovan was second and Pioneer third.

BUYING INDIAN LANDS.

The Progress Made in the Purchase of the Great Sioux Reservation.

WASHINGTON, May 1.—Officials in the interior department, acquainted with the recent negotiation with the Sioux Indians for the session of eleven million acres of their land to the United States, are not sanguine of the success of the present commisson.

The commission is governed by practically the same law as the former commission, except in the matter of price for the land. The former commission was only authorized to pay 50 cents per acre, while the present commission can pay $1.25 per acre.

The Indians refused to sell for fifty cents before, and the commission brought them to Washington to confer with Secretary Vilas. He offered them $1 per acre, subject to the ratification by congress of his action. The Indians refused this and demanded $1.50, and it is not now believed that they will take $1.25, and about all the commission can hope to accomplish is to secure a treaty from them naming the price they will take and then ask congress to approve it.

Like trouble is anticipated with the work of the Cherokee commission. These commissions will meet here next week to receive final instructions before proceeding west.

IMPRESSIVE CONSECRATION

Of the Magnificent Grotto of Lourdes at Covington, Ky.

CINCINNATI, O., May 1.—An event of national interest to the Catholic church was the impressive consecration of the magnificent grotto of Lourdes at St. Aloysius church, on Seventh street, Covington, Ky., at 10 o'clock, a. m., today. Church dignitaries from various states were present at the pontifical high mass, celebrated at 10 o'clock, by Rt. Rev. Bishop Mares, assisted by the local priests.

A splendid banquet in the adjoining parochial school hall closed the ceremonies.

The cavern is a perfect reproduction of the famous grotto of Lourdes, in the mountain fastnesses of France, where the Virgin appeared one day to little Bernditti, a peasant girl, and revealed to her various secrets.

It is built under the main alley, and comprises an excavation 20x40 feet containing the anti chamber and grotto proper. Father Blerke, the pastor of the church and the donor of the grotto, furnished the designs made after repeated pilgrimages to the original shrine.

A DISGRACEFUL AFFAIR.

Drunkenness is Said to Have Run Riot at the Centennial Ball.

NEW YORK, May 1.—Both the *Herald* and *Sun* this morning assert that the closing scenes of the inaugural ball at the Metropolitan opera house yesterday morning were disgraceful. After 1 o'clock in the morning wine flowed in great abundance, and many intoxicated men, and some few disreputable women, were carrousing in the supper room and on the dancing floors.

Many of the waiters in the supper room are also said to have become intoxicated and added to the blackguardism going on around them. Matters became so bad that the police were called upon to clear the supper room, which they were able to do only by the free use of their clubs. The hilarity was kept up until shortly after 4 o'clock, when the police were instructed to clear the house.

HON. W. H. BARNUM.

Ex-President Cleveland's Tribute to His Memory.

NEW YORK, May 1.—Ex-President Cleveland yesterday sent the following telegram to Mrs. Barnum at Lime Rock, Connecticut:

"I have this moment heard of your bereavement, and have to assure you that I sincerely mourn the death of your husband, and deeply sympathize with you in your great affliction."

Speaking of Mr. Barnum the ex-president said: "He was the most unselfish man I ever knew. He gave liberally of his time and money for the benefit of the democratic party, and never used his position as chairman of the national committee to advance the fortunes of himself or his personal political friends."

GETS FIVE YEARS.

The Abductor of Little Annie Redmond Goes to Prison.

CHICAGO, May 1—Josie Gurley was sentenced by Judge Shepard this morning to five years imprisonment in the state penitentiary for kidnapping Annie Redmond.

A GREAT EVENT!

The Civic Parade at New York. Designed to Represent the Industrial Progress of the Country.

NEW YORK, May 1.—The great event of to-day and the last in the series of centennial celebrations to commemorate the inaugural of Washington was the civic parade, designed to illustrate the industrial progress of the country during its century of national life. From a very early hour this morning crowds began to gather at all the places along the line of march, from which a view of the parade could be had and by 8 o'clock the sidewalks along the route were well fringed with the waiting throng.

Before the hour arrived for the parade to move, every available site had been pre-empted all along the line of march. Early in the morning the streets leading east and west from Fifth avenue and from Fiftieth to Fifty-ninth streets, were alive with delegates from the various organizations which were to comprise the procession, and the work of disposing of them in proper position, rapidly proceeded, so each detachment fell into the line when the order was given without delay or confusion.

The president was escorted from the residence of Vice President Morton to the reviewing stand at Madison square, which he reached shortly after 9 o'clock. The parade started at 8:20 o'clock, this morning, from Fifth avenue, and was one of the grandest displays ever seen in this city. Floats, allegorical tableaux and cars of every description were in line, representing every branch of trade, society, &c., in the country.

The German-American division consisted of about 25,000 men and had a number of fine floats and allegorical displays, designed mostly by Keppler, of the *Puck*. The Irish-Americans were represented by about 10,000 persons in line and were greeted with much applause. This division ended the great parade.

It had originally been expected to have over 100,000 men in line, but the number was deemed unweildly and General Butterfield issued orders for a reduction of twenty per cent. In all delegations, so that the number actually marching was about 80,000.

The following is the address presented to the president at the reviewing stand:

To Benj. Harrison, President of the United States:

The undersigned representatives of the civic, commercial, industrial and educational organized bodies of the city of New York, on the occasion of the centennial celebration of the inauguration of Washington, the first president, present anew to the president of the United States, in his official capacity, their allegiance to the government, constitution and the laws, with their congratulations upon the completion of a century of constitutional government and the progress made in that century.

The arrival at the reviewing stand of ex-President Cleveland was made the occasion for a hearty demonstration in which he was cheered to the echo.

At 3:10 p. m., the president left the reviewing stand and entering his carriage was driven to the Pennsylvania railroad depot, in Jersey City, where he boarded the special train for Washington.

An accident occurred shortly after noon, when one of the industrial parade floats was wrecked by coming in contact with an over-hanging electric light wire. On the pedistals were seated about twenty young girls dressed in allegorical costumes.

As the car passed through Fifth street, the arch was caught by the wire crossing the avenue and wrecked. The young girls who had been seated upon the car jumped quickly out and all escaped with slight injuries.

The wrecked car was abandoned in the street. In consequence of the lateness of many different bodies in arriving at the starting point it was found impossible to adhere absolutely to the formation ordered and so many companies and societies &c., passed out of their regular order.

The greatest surprise of the day, perhaps next to the excellent character of the parade generally, when compared with industrial parades of the past, was the remarkable march of the public school boys.

They marched in lines that were more steady and better presented than those of many of the national guards who paraded yesterday. Everybody was astonished, and old veterans, high police officers, and others, agreed that their marching was better than that of the average militia.

An Emporia (Kan.) youth pawned his gun for money with which to buy a marriage license.

TWO THOUSAND MEN

Thrown Out of Employment in Illinois—Reduction of Miners Wages at Brazil, Ind.

SPRING VALLEY, Ill., May 1.—The Spring Valley Coal Co., controlled by W. S. Scott, of Pennsylvania, closed down its mines yesterday, pending an adjustment of prices for the ensuing year. About 2,000 men are thrown out of employment.

BRAZIL, Ind., May 1.—The greatest cut ever made in the price of coal mining in the west was made yesterday. It was from ninety cents to seventy cents on Indiana block, and from seventy-five to sixty cents on Indiana bituminous coal.

Two years ago the Indiana miners and operators, jointly with the Ohio and Pennsylvania operators, fixed upon a yearly scale for mining in the three states. Because of natural gas, Ohio and Pennsylvania were given a rate respectively of sixty and sixty-nine cents. The Indiana rate was fixed at eighty cents and this scale was renewed a year ago.

5,000 MEN OUT.

PITTSBURG, Pa., May 1.—Building operations throughout Allegheny county are paralyzed. It is estimated that fully 5,000 union men are out on a strike to-day. The strike extends to carpenters and joiners, stone masons and hod carriers, and as a result of the strike in these trades serious delays occur. The other building trades are in many places at a stand still.

The strikers are members of the United Building trades union and the United Brotherhood of Carpenters and Joiners of America.

The strike, in brief, is inaugurated against the employment of non-union laborers and by some of the trades for advance in pay.

Carpenters want a uniform minimum of $2.50 per day. The stone masons want an advance from $2.60 to $3, and the hod carriers ask for an advance of 25 cents per day—from $2.25 to $2.50.

Work in all districts of Pittsburg, Allegheny, East End, South Side, and the suburban towns is at a standstill. The builders have decided to use every means to defeat the strikers.

A BIG HAUL.

Burglars Enter a Cleveland Residence and Secure $2,160 in Cash.

CLEVELAND, May 1.—Burglars last night entered the residence of L. F. Cooper, a dealer in pianos, and stole $2,160 in cash, a gold watch and several hundred dollars' worth of other jewelry. No clew.

FRANK CUSHING'S find of a vast cemetery in Arizona bids fair to be of greater importance than was at first supposed. Over one hundred skulls being examined, all prove to be of the broad or round type, and not one of the long or dolicho cephalic sort. There are fragments and remains of arts and industries in the graves which enable scientists to reconstruct quite fairly the state of civilization of the natives of that land when the cemetery was in use. But most important of all, those who were sent on from Washington to aid Mr. Cushing have discovered that in the jaw there is invariably a peculiarity almost unknown to our race. The problem of the ancient population of our Southwest now seems near solution.

HON. JAMES G. BLAINE.

The Secretary of State is Ill and Positively Refuses to See Callers.

WASHINGTON, May 1.—The report that Secretary Blaine is suffering from a stroke of paralysis, is emphatically denied at the state department and at the Normandia, where Mr. Blaine is staying.

Mr. Blaine left positive orders to-day that he would see no one, and would not even receive cards. The clerk at the Normandie refused to send up a note from a United Press reporter, asking for information concerning the rumor that Mr. Blaine was suffering from a stroke of paralysis, but Mr. Sherman, his private secretary, who came down from Mr. Blaine's room just then, said there was no truth in the report."

"You can make the denial positive," he said, "there is nothing whatever in the story. It is a canard."

THE RED FLAG!

Of Anarchy is Hung Out at Chicago. But a Brave Fireman Tears it Down.

CHICAGO, May 1.—While the firemen of engine No. 17 were decorating their quarters, on West Lake street, yesterday, with the American flag, M. W. Doty, a German wood turner, who occupies the upper floor of the four story building at No. 76, leaned out of his window and demanded what they were doing and reveiled the flag they were putting up.

He reviled the American banner, and at the same time waved a red flag from the window, saying it was the kind, and he then nailed it to the window sill. In a few moments there was a crowd of five hundred angry people in front of his place.

The excitement was growing when a fireman, who had crawled up the fire escape in the rear of the building and let down a rope with an iron hook attached, wrenched the emblem of anarchy from its fastenings and sent it down into the street, where it was quickly torn to pieces.

Doty soon appeared on the sidewalk, and he attempted to abuse the fireman. He was knocked down several times, and but for the timely appearance of the police, might have been hung up to a lamp-post by the angry crowd.

BIG FIRES.

The Business Portion of Depere, Wis., Destroyed—The Flames in Illinois.

MILWAUKEE, Wis., May 1.—A dozen buildings in the business centre of Depere, were burned last night. Loss about $60.000; insurance $25,000.

BLOOMINGTON, Ill., May 1,—At 11:30 last night a telegram was received from Chenaa, this county, a town of 4,000 inhabitants, saying that a great fire was raging in the business portion of the place, threatening the destruction of the entire town, and asking Bloomington to send her fire department, which was done.

Many of the best buildings of the town were destroyed, including business buildings, the postoffice, the Odd Fellows' hall and the *Gazette* printing office. Two men were badly hurt by falling walls.

WEDNESDAY, MAY 1, 1889.

EX-GOVERNOR GRAY has opened a law office at Indianapolis.

FRANCIS MURPHY is reforming the drinking habits of Richmond.

THE supreme court defeated the legislative bill controlling the Indianapolis police, and now the council of that city proposes to have a police force purely republican.

THE appointment of Hugh Stewart as postmaster at Monroeville, is published from the department records at Washington, indicating that it will stand over the protests of the republicans.

COUNTERFEIT ten dollar greenbacks similar to those which appeared in this city a few days ago are flooding the banks and business houses of St. Louis, Indianapolis and a hundred smaller towns.

ON and after to-day the railway mail service will be subjected to the civil service law, rules and regulations and all appointments to positions. Others than those accepted by law will thereafter be made only upon certification from the civil service commission.

THE frightful casualty to young Robinson yesterday ought to be a warning against the danger of leaping on railroad trains, but it will not. The police can stop this practice if they choose to and the railroad companies should cooperate heartily with them. There is a crying need of this reform and it must come.

THE London pavements which strike every visitor from this side of the water as so perfect are receiving a tremendous amount of local abuse now. Wood and asphalt are too slippery; macadam can't stand the heavy wear. The opinion is freely heard that London "has not yet solved the problem of street pavements, and seems as far off from it as ever."

THE grand commandery, Knights Templar of Indiana, met at Indianapolis yesterday in the thirty-fifth annual session. There are thirty-one commanderies in the state, all of which are represented. They have a membership, as reported by W. H. Smythe, grand secretary, of 2,967—an increase of eighty-six over last year. The cash balance in the treasury is $3,571.81.

GOVERNOR HOVEY says that the supreme court decision settled the controvery between him and the legislative appointees only so far as the librarian, trustees of the insane hospital and directors of the state prison south are concerned, and that all others will have to bring suit to settle the matter. The governor should have a court opinion on the constitutionality of the legislature.

ON Wednesday of next week, May 8, the first Scotch-Irish congress of the United States will open in Columbia, Tenn., and it will continue in morning and evening sessions, until Saturday, the 11th. It will of necessity be a mass convention, to which all who have an intermixture of Scotch and Irish blood are invited to participate, and people of every other lineage are also cordially invited to attend. A great many distinguished gentlemen are announced for addresses.

STATE TREASURER LEMCKE has not yet received any response to his telegrams and letters to the New York German Savings bank regarding the state loan. It was expected that they would at once respond to the telegram asking if they desired to have the supreme court's opinion submitted to the state authorities of New York. It is believed probable that they are waiting to carefully examine the opinion, and that they will make known their intentions in a communication by mail.

MR. CHAUNCEY M. DEPEW'S versatality as a diner-out was well demonstrated the other evening. He was engaged to preside at the great birthday dinner given at Delmonico's, New York. He was also booked to appear at the dinner given in honor of Minister Whitelaw Reid, at the Lotos club. After standing the dinner at Delmonico's Mr. Depew jumped in a carriage and was driven to the Lotos. He joined the dinner at the roast. Being early called upon he made one of his delightful speeches and then hastened back to Delmonico's. There he delivered a beautiful tribute to Grant's memory and introduced the other speakers of the evening. Yesterday he was the officer of the day at New York city.

Sons of Veterans.

The Sons of Veterans gave a very pleasant entertainment, last evening, at their headquarters, Sion S. Bass post hall. Addresses were delivered by Rev. R. M. Barns, Mr. T. W. Blair and others and musical exercises enlivened the program.

At 11 o'clock a banquet was spread after which dancing was enjoyed until an early hour in the morning. The committees doing the honors of the evening were:

On Invitation—W. E. Geller, J. W. Brown, G. W. Meyers, Edwin Bricker, W. Strausburg.

On Reception—T. W. Blair, J. W. Brown, H. W. Sirk, G. W. Meyers, Wm. Holmes.

Floor Managers—E. H. Bookwalter, E. C. Close, Henry Miller.

THE CLOSING FETE.

The Morton Club Gives a Very Brilliant Reception and Centennial Celebration.

The Morton club closed its social features for the season last night and aimed, too, to observe the anniversary of General Washington's inauguration.

A concert of five numbers introduced the program of the evening and Prof. Fred Reineke and a full orchestra did the honors. Mr. H. J. Seibold sang a solo and was rewarded with an encore.

A dance program of twenty numbers was pursued and only the supper, served by Barcus, divided this pleasure.

There were present Dr. and Mrs. A. J. Laubaugh, Mr. and Mrs. C. R. Higgins, Mr. and Mrs. W. L. Carnahan, Mr. and Mrs. A. C. Keel, Mr. and Mrs. B. W. Skelton, Mr. and Mrs. R. T. McDonald, Mr. and Mrs. John W. Hayden, Mr. and Mrs. Cash Miller, Mr. and Mrs. C. E. Orr, Mr. and Mrs. Murray Hartnett, Mr. and Mrs. Fred. Townsend, Mr. and Mrs. Sim Mahurin, Mr. and Mrs. H. C. Last evening at the home of the bride's parents, No. 107 Lafayette street, occurred the marriage of Miss Fianna A. Mendenhall and Mr. Fred Hull. The ceremony was performed by Rev. J. C. Cromer in the presence of a few invited friends and was an enjoyable event. Mr. and Mrs. Hull have taken a pleasant residence on Spy Run avenue, where they are at home to their friends. Mr. Hull is in charge of the supply department at the Newspaper Union in this city. His wife is a pretty and accomplished young lady and the many friends of the young people are profuse in their congratulations.

The coroner is said to have remarked that if Pond's Extract had been used, the famous epitaph might have been inscribed on his door-plate instead of his tombstone, slightly changed as thus to meet the exigencies of the case.

Afflictions sore long time he bore,
Physicians were in vain,
When near Death's door, he tried once more,
Pond's Extract cured his pain.

Lord Salisbury is inclined to increase the support given to indigent literary men by the English government.

According to its constitution, the German Evangelical Lutheran Synod, now in session at Indianapolis, can not adjourn until its work is finished, and this prevented an extended observance of the Washington Centennial. The discussion of the Sacrament of the Lord's Supper was continued, and the conclusions reached in yesterday's meeting were formally adopted. Delegates to the Synodical Conference meeting next year at Minneapolis were elected. The conference is of various synods of America, which together have a membership of 3,000 preachers. The delegates are, Revs. H. C. Schwan, J. H. Nieman and C. Gross. Lay delegates from the Second Lutheran church, of Indianapolis, and from the Laporte congregation were also selected. Delegates from the several precincts of the middle section of the Missouri synod, were elected to be sent to the meeting of the joint Missouri synod next year.

Don't Get Caught.

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid and whole system liable to be prostrated by disease, but get yourself into good condition, and ready for changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving an appetite and for a general spring medicine.

A man was arrested in St. Louis the other day who had 194 door mats stored away in his barn, every one of which he had stolen and carried home.

Don't disgust everybody by hawking, blowing and spitting, but use Dr. Sage's Catarrh Remedy and be cured.

John Bright left no public legacies, it being his opinion that the support of public institutions should come from the living.

Forced to Leave Home.

Over 60 people were forced to leave their homes yesterday to call for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated and have headache and an unsightly complexion, don't fail to call on any druggist to-day for a free sample of this grand remedy. The ladies praise it. Everyone likes it. Large size package 50 cents.

Rome City for 1889- Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

Spring Medicine

For a good spring medicine we confidently recommend Hood's Sarsaparilla. By its use the blood is purified, enriched and vitalized, that tired feeling is entirely overcome and the whole body given strength and vigor. The appetite is restored and sharpened, the digestive organs are toned, the kidneys and liver invigorated. If you have never tried

Hood's Sarsaparilla

do so this season. It is a thoroughly honest and reliable preparation, purely vegetable, and contains no injurious ingredients whatever. Thousands who have taken it with benefit testify to its peculiar curative power.

"I take Hood's Sarsaparilla as a spring tonic, and I recommend it to all who have that miserable tired feeling." C. PARMELEE, 249 Bridge Street, Brooklyn, N. Y.

Makes the Weak Strong

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any other preparation.

Hood's Sarsaparilla is prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Juniper Berries, and other well known vegetable remedies, by a combination, proportion and process peculiar to itself, and by which the full medicinal value of all the ingredients used is secured. Hence it possesses superior and positive curative power.

Purifies the Blood

"Every spring for years I have made it a practice to take from three to five bottles of Hood's Sarsaparilla, because I know it purifies the blood and thoroughly cleanses the system of all impurities. That languid feeling, called 'spring fever,' will never visit the system that has been properly cared for by this never-failing remedy." W. H. LAWRENCE, Editor Agricultural Epitomist, Indianapolis, Ind.

Sleepless Nights

"For nearly a month I was not able to sleep, but after using PAINE'S CELERY COMPOUND for two days, insomnia fled and strength returned." E. G. SMITH, Claussen, S. C.

"I have taken only a part of a bottle of Paine's Celery Compound, and it has entirely relieved me of sleeplessness, from which I have suffered greatly." MRS. E. AUTCLIFF, Peoria, Ill.

Paine's Celery Compound produces sound and refreshing sleep. A physician's prescription, it does not contain one harmful drug. Like nothing else, it is a guaranteed cure for sleeplessness, if directions are faithfully followed.

$1.00. Six for $5.00. Druggists.

WELLS, RICHARDSON & Co., Burlington, Vt.

"For a long time I was so nervous and worn out that I could not work. I tried many medicines, but none gave me relief until I used Paine's Celery Compound, which at once strengthened and invigorated my nerves." HARLEY SHERMAN, Burlington, Vt.

Paine's Celery Compound

quickly quiets and strengthens the nerves, when irritated or weakened by overwork, anxiety, disease, or shock. It cures nervousness, headache, dyspepsia, sleeplessness, melancholia, and other disorders of the nervous system.

Tones up the Shattered Nerves

"For two years I was a sufferer from nervous debility, and I thank God and the discoverer of the valuable remedy, that Paine's Celery Compound cured me. Let any one write to me for advice." GEORGE W. BOUTON, Stamford, Conn.

THE BEST NUTRITIVE TONIC

FOR

Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in this style Bottles only

I have used Johann Hoff's Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

WEDNESDAY, MAY 1, 1889.

MAY OPENS HER BUDGET!

Of Local News and Gossip and it is Gathered by Our Railroad Reporter.

There are twenty-seven working days in this month.

The shop employes commenced another month's work to-day.

Secretary J. H. Wilder, of the Olds wheel works, is at Chicago to-day.

The Olds wheel works closed down at noon yesterday and gave their employes a half holiday.

The month of April ended with a railroad accident in this city that carries its own lesson with it.

Capt. Thomas Toomey, of the Bass works, is off duty on account of the serious illness of his daughter.

The Kerr Murray works have shipped a consignment of ten cars of gas apparatus to Bowling Green, Ky.

An electrical headlight for locomotives has been invented by a St. Louis man which is said to work satisfactorily.

The Wabash shops are closed down to-day on account of some repairs which are being made on the engines running the machinery.

Charles Trabaugh, of the Pittsburg blacksmith shops, has returned from a week's vacation, which he spent among friends at Lima, Ohio.

The Pullman Car company is considering a plan for locating part of their entensive shops at St. Louis. Better bring them to this city.

Wm. Eberhart, moulder at the Bass works, is tusaling with the two of "Job's comforters," which have perched themselves in an uncomfortable position on his neck.

Wm. Hauke, moulder at the Bass works, was out fishing yesterday. He had a fish weighing seventeen pounds on his hook at one time, but in some way it escaped.

The advertising car of King & Franklin, proprietors of a circus which is to appear in the city in a few weeks, is standing on the Pittsburg tracks at the south depot to-day.

Henry Robinson, of the Pittsburg blacksmith shop, is off duty on account of the injuries of his son. He was injured on the railroad, as mentioned in our yesterday's paper.

A fine freight run is reported from the Wabash offices, in which two cars of bananas starting from New Orleans last Tuesday during the day time, arrived here, ready for delivery, at 7:25 Friday morning. The Wabash's new fast fruit train contributed very materially to the speed of the run, which is remarkable for a freight.

Stephen Brown, engineer at the Bass works, went up the river fishing yesterday. "I didn't catch any fish," said Steve to our reporter this morning, "and I don't know why. The other fellows handed them out at a lively rate, but the finny tribe seemed to be afraid to my hook," and he heaved a sigh as he thought of his unprofitable day's pleasure.

It seems that the Wabash purchasing committee have at last recognized the claims of the dissenting bondholders, and have arranged to place a large block of the new four per cent. bonds with which to pay off their claims. This indicates that within the next sixty days the Wabash will be out of its financial troubles and again consolidated with the Wabash Western.

William Hatfield, one of the valued foremen of the Olds wheel works, resigned his position yesterday to give his attention to a valuable attachment to a street car, of which he is the inventor, and mention of which has before been made in these columns. Mr. Hatfield was the foreman of the band saw department. He has been in the employ of the Olds works for a number of years and stood high in the estimation of his employers, who will regret to loose his services.

The body is more susceptible to benefit from Hood's Sarsaparilla now than at any other season. Therefore take it now.

100 Ladies Wanted,

And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy, discovered by Dr. Silas Lane while in the Rocky Mountains. For diseases of the blood, liver and kidneys it is a positive cure. For constipation and clearing up the complexion it does wonders. Children like it. Everyone praises it. Large size package, 50 cents. At all druggists'.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces.

Aurelius Payne is Eight Times Married and Weds a Maid of Twenty.

This morning Esquire France officiated at a novel wedding. It was the marriage of Aurelius Payne to Miss Alice Coleman.

The groom is past seventy-years, while the bride is scarcely twenty, linking winter and spring with the chains of Cupid.

Mr. Payne has a record such as old bachelors glare at with venomous envy. He has been married eight times, and tasted the sweets of as many honeymoons.

He buried six wives, was divorced from the seventh, and now the eighth, a blooming maid, lolls peacefully in his experienced arms.

Fellows who decry marriage a failure will hereafter hold their peace.

HE'S ALL RIGHT.

The excitement at Monroeville continues and proves a rare picnic for the democracy.

Wounded in the Army.

I was wounded in the leg at the battle of Stone River, December 31, 1862. My blood was poisoned from the effects of the wound, and the leg swelled to double its natural size, and remained so for many years. The poison extended to my whole system, and I suffered a thousand deaths. Nothing did me any good until I took Swift's Specific, which took the poison out of my blood, and enabled me to feel myself a man again. S. S. S. is the remedy for blood poison.

This was four years ago, and there has been no return of the disease.

MANY INJURED!

Last Evening, at Chicago, During the Closing Festivities of the Centennial Inaugural Exercises.

CHICAGO, May 1.—When the last rocket had exploded at Lincoln park last night, the people made a wild rush for every street leading from the south end of the park. The crowd at Clark street and North avenue became so dense that the police found it impossible to handle them. The wooden sidewalk at the northwest corner gave way and several hundred persons fell five or six feet.

In the scramble to get away, women and children were trampled and many painfully injured. The crowd surged across the street and broke down the other sidewalk. The Larribee street patrol cleared the street and helped the injured home.

Among those hurt were: Max Rohrer, 181 Blackhawk street, head cut; T. C. Sorosen, foot badly crushed; F. D. Dippe and wife, 77 Orchard street, badly bruised; James Sholosy, a little boy eight years old, was thrown under the sidewalk and not found for an hour after; Johnny Granahan, of 57 Habbin, and Eddie Hotches, of 59 Habbin, both small boys, were badly bruised.

CHICAGO, May 1.—A series of distressing accidents occurred on the Lake front, shortly after 9 o'clock, last evening, just as the festivities of the day were closing, which marred the joyous proceedings of the entire day. Five persons were fatally injured in the crush of people and a score or more received wounds of a serious nature.

The first accident was caused by a premature explosion of some fire works. An unknown lady was severely burned about the lower limbs. While endeavoring to extinguish the flames consuming the lady's clothing, August Schultz, a barber, was seriously burned about the face and hands.

Fred Esenberg, thirteen years of age, was terribly burned about the face and hands. He was taken to the hospital and will die.

Jno. Houlihan, seventeen years of age, was badly burned about the limbs and body. He jumped into the lake to extinguish the fast consuming fire and was rescued and taken to the hospital.

Daniel Grant, a thirteen-year-old boy, was fearfully burned all over the body by the premature explosion of a "mud pot." His recovery is impossible.

While this was going on, a scene still more terrible, was being enacted on Michigan avenue near Harrison street.

The crush at this point was simply fearful. Strong men were picked up and carried bodily along, while women and children were knocked down and trampled upon. The more seriously injured were: Miss Kittie Conway, terribly tramped, will probably die, and Mrs. Geo. F. Farrer, overcome by heart disease and burned.

Miss Lizzie Howard was knocked down and bruised by a runaway horse. Mrs. T. E. Brady was overcome by heart disease and badly crushed. Miss Crowley was knocked down and trampled upon and seriously injured. Mrs. Mary Schubert and Lina Schubert were trampled on and seriously injured.

It is estimated that fully a score of persons, besides those mentioned, received injuries of a slight nature, but were cared for and taken home by their friends. Eye witnesses to the exciting scenes say that the crush and stampede was fearful and the only wonder is that many persons were not killed outright.

As far as can be learned about 100 people were injured, but no deaths have yet been reported. Those who were the most seriously injured were the three boys who were taken to the county hospital, and it is now thought they will recover.

Foreign.

LONDON, May 1.—The direct examination of Mr. Parnell before the Parnell commission, was concluded to-day. He ended his testimony by declaring that he had conducted the agitation in Ireland constitutionally. Mr. Parnell's cross-examination was then begun by Sir Richard Webster, the *Times'* counsel.

The Rt. Rev. Andrew Higgins, Roman Catholic bishop of Kerry, is dead. He was consecreated in 1882.

The Clyde sugar market has revived. The market is active to-day, sales being made at reduced prices.

LONDON, May 1.—This was the second day of the New Market First street spring meeting. The race for the 2,000 guinea stake was won by Mr. Douglas Baird's chestnut colt, Enthusiast. The Duke of Portland's Donovan was second and Pioneer third.

BUYING INDIAN LANDS.

The Progress Made in the Purchase of the Great Sioux Reservation.

WASHINGTON, May 1.—Officials in the interior department, acquainted with the recent negotiation with the Sioux Indians for the session of eleven million acres of their land to the United States, are not sanguine of the success of the present commission.

The commission is governed by practically the same law as the former commission, except in the matter of price for the land. The former commission was only authorized to pay 50 cents per acre, while the present commission can pay $1.25 per acre.

The Indians refused to sell for fifty cents before, and the commission brought them to Washington to confer with Secretary Vilas. He offered them $1 per acre, subject to the ratification by congress of his action. The Indians refused this and demanded $1.50, and it is not now believed that they will take $1.25, and about all the commission can hope to accomplish is to secure a treaty from them naming the price they will take and then ask congress to approve it.

Like trouble is anticipated with the work of the Cherokee commission. Those commissions will meet here next week to receive final instructions before proceeding west.

IMPRESSIVE CONSECRATION

Of the Magnificent Grotto of Lourdes at Covington, Ky.

CINCINNATI, O., May 1.—An event of national interest to the Catholic church was the impressive consecration of the magnificent grotto of Lourdes at St. Aloysius church, on Seventh street, Covington, Ky., at 10 o'clock, a. m., today. Church dignitaries from various states were present at the pontifical high mass, celebrated at 10 o'clock, by Rt. Rev. Bishop Mares, assisted by the local priests.

A splendid banquet in the adjoining parochial school hall closed the ceremonies.

The cavern is a perfect reproduction of the famous grotto of Lourdes, in the mountain fastnesses of France, where the Virgin appeared one day to little Bernditti, a peasant girl, and revealed to her various secrets.

It is built under the main alley, and comprises an excavation 20x40 feet containing the anti chamber and grotto proper. Father Bierke, the pastor of the church and the donor of the grotto, furnished the designs made after repeated pilgrimages to the original shrine.

A DISGRACEFUL AFFAIR.

Drunkenness to Cold to Have Been Met at the Centennial Ball.

NEW YORK, May 1.—Both the *Herald* and *Sun* this morning assert that the closing scenes of the inaugural ball at the Metropolitan opera house yesterday morning were disgraceful. After 1 o'clock in the morning wine flowed in great abundance, and many intoxicated men, and some few disreputable women, were carrousing in the supper room and on the dancing floors.

Many of the waiters in the supper room are also said to have become intoxicated and added to the blackguardism going on around them. Matters became so bad that the police were called upon to clear the supper room, which they were able to do only by the free use of their clubs. The hilarity was kept up until shortly after 4 o'clock, when the police were instructed to clear the house.

HON. W. H. BARNUM.

Ex-President Cleveland's Tribute to His Memory.

NEW YORK, May 1.—Ex-President Cleveland yesterday sent the following telegram to Mrs. Barnum at Lime Rock, Connecticut:

"I have this moment heard of your bereavement, and have to assure you that I sincerely mourn the death of your husband, and deeply sympathize with you in your great affliction."

Speaking of Mr. Barnum the ex-president said: "He was the most unselfish man I ever knew. He gave liberally of his time and money for the benefit of the democratic party, and never used his position as chairman of the national committee to advance the fortunes of himself or his personal political friends."

GETS FIVE YEARS.

The Abductor of Little Annie Redmond Goes to Prison.

CHICAGO, May 1.—Jessie Gurley was sentenced by Judge Shepard this morning to five years imprisonment in the state penitentiary for kidnapping Annie Redmond.

A GREAT EVENT!

The Civic Parade at New York, Designed to Represent the Industrial Progress of the Country.

NEW YORK, May 1.—The great event of to-day and the last in the series of centennial celebrations to commemorate the inaugural of Washington was the civic parade, designed to illustrate the industrial progress of the country during its century of national life. From a very early hour this morning crowds began to gather at all the places along the line of march, from which a view of the parade could be had and by 8 o'clock the sidewalks along the route were well fringed with the waiting throng.

Before the hour arrived for the parade to move, every available site had been pre-empted all along the line of march. Early in the morning the streets leading east and west from Fifth avenue and from Fiftieth to Fifty-ninth streets, were alive with delegates from the various organizations which were to comprise the procession, and the work of disposing of them in proper position, rapidly proceeded, so each detachment fell into the line when the order was given without delay or confusion.

The president was escorted from the residence of Vice President Morton to the reviewing stand at Madison square, which he reached shortly after 9 o'clock. The parade started at 8:20 o'clock, this morning, from Fifth avenue, and was one of the grandest displays ever seen in this city. Floats, allegorical tableaux and cars of every description were in line, representing every branch of trade, society, &c., in the country.

The German-American division consisted of about 25,000 men and had a number of fine floats and allegorical displays, designed mostly by Keppler, of the *Puck*. The Irish-Americans were represented by about 10,000 persons in line and were greeted with much applause. This division ended the great parade.

It had originally been expected to have over 100,000 men in line, but the number was deemed unwieldly and General Duffield ordered a reduction of twenty per cent. in all delegations, so that the number actually marching was about 80,000.

The following is the address presented to the president at the reviewing stand: To Benj. Harrison, President of the United States.

The undersigned representatives of the civic, commercial, industrial and educational organized bodies of the city of New York, on the occasion of the centennial celebration of the inauguration of Washington, the first president, present anew to the president of the United States, in his official capacity, their allegiance to the government, constitution and the laws, with their congratulations upon the completion of a century of constitutional government and the progress made in that century.

The arrival at the reviewing stand of ex-President Cleveland was made the occasion for a hearty demonstration in which he was cheered to the echo.

At 3:10 p. m., the president left the reviewing stand and entering his carriage was driven to the Pennsylvania railroad depot, in Jersey City, where he boarded the special train for Washington.

An accident occurred shortly after noon, when one of the industrial parade floats was wrecked by coming in contact with an over-hanging electric light wire. On the pedistals were seated about twenty young girls dressed in allegorical costumes.

As the car passed through Fifth street, the arch was caught by the wire crossing the avenue and wrecked. The young girls who had been seated upon the car jumped quickly out and all escaped with slight injuries.

The wrecked car was abandoned in the street. In consequence of the lateness of many different bodies in arriving at the starting point it was found impossible to adhere absolutely to the formation ordered and so many companies and societies &c., passed out of their regular order.

The greatest surprise of the day, perhaps next to the excellent character of the parade generally, when compared with industrial parades of the past, was the remarkable march of the public school boys.

They marched in lines that were more steady and better presented than those of many of the national guards who paraded yesterday. Everybody was astonished, and old veterans, high police officers, and others, agreed that their marching was better than that of the average militia.

An Emporia (Kan.) youth pawned his gun for money with which to buy a marriage license.

TWO THOUSAND MEN

Thrown Out of Employment in Illinois—Reduction of Miners Wages at Brazil, Ind.

SPRING VALLEY, Ill., May 1.—The Spring Valley Coal Co., controlled by W. S. Scott, of Pennsylvania, closed down its mines yesterday, pending an adjustment of prices for the ensuing year. About 2,000 men are thrown out of employment.

BRAZIL, Ind., May 1.—The greatest cut ever made in the price of coal mining in the west was made yesterday. It was from ninety cents to seventy cents on Indiana block, and from seventy-five to sixty cents on Indiana bituminous coal.

Two years ago the Indiana miners and operators, jointly with the Ohio and Pennsylvania operators, fixed upon a yearly scale for mining in the three states. Because of natural gas, Ohio and Pennsylvania were given a rate respectively of sixty and sixty-nine cents. The Indiana rate was fixed at eighty cents and this scale was renewed a year ago.

5,000 MEN OUT.

PITTSBURG, Pa., May 1.—Building operations throughout Allegheny county are paralyzed. It is estimated that fully 5,000 union men are out on a strike to-day. The strike extends to carpenters and joiners, stone masons and hod carriers, and as a result of the strike in these trades serious delays occur. The other building trades are in many places at a stand still.

The strikers are members of the United Building trades union and the United Brotherhood of Carpenters and Joiners of America.

The strike, in brief, is inaugurated against the employment of non-union laborers and by some of the trades for advance in pay.

Carpenters want a uniform minimum of $2.50 per day. The stone masons want an advance from $2.60 to $3, and the hod carriers ask for an advance of 25 cents per day—from $2.25 to $2.50.

Work in all districts of Pittsburg, Allegheny, East End, South Side, and the suburban towns is at a standstill. The builders have decided to use every means to defeat the strikers.

CLEVELAND, May 1.—Burglars last night entered the residence of L. F. Cooper, a dealer in pianos, and stole $2,100 in cash, a gold watch and several hundred dollars' worth of other jewelry. No clew.

FRANK CUSHING'S find of a vast cemetery in Arizona bids fair to be of greater importance than was at first supposed. Over one hundred skulls being examined, all prove to be of the broad or round type, and not one of the long or dolicho cephalic sort. There are fragments and remains of arts and industries in the graves which enable scientists to reconstruct quite fairly the state of civilization of the natives of that land when the cemetery was in use. But most important of all, those who were sent on from Washington to aid Mr. Cushing have discovered that in the jaw there is invariably a peculiarity almost unknown to our race. The problem of the ancient population of our Southwest now seems near solution.

HON. JAMES G. BLAINE.

The Secretary of State is Ill and Positively Refuses to See Callers.

WASHINGTON, May 1.—The report that Secretary Blaine is suffering from a stroke of paralysis, is emphatically denied at the state department and at the Normandie, where Mr. Blaine is staying.

Mr. Blaine left positive orders to-day that he would see no one, and would not even receive cards. The clerk at the Normandie refused to send up a note from a United Press reporter, asking for information concerning the rumor that Mr. Blaine was suffering from a stroke of paralysis, but Mr. Sherman, his private secretary, who came down from Mr. Blaine's room just then, said there was no truth in the report.

"You can make the denial positive," he said, "there is nothing whatever in the story. It is a canard."

THE RED FLAG!

Of Anarchy is Hung Out at Chicago. But a Brave Fireman Tears it Down.

CHICAGO, May 1.—While the firemen of engine No. 17 were decorating their quarters, on West Lake street, yesterday, with the American flag, M. W. Doty, a German wood turner, who occupies the upper floor of the four story building at No. 76, leaned out of his window and demanded what they were doing and reviled the flag they were putting up.

He reviled the American banner, and at the same time waved a red flag from the window, saying it was the kind, and he then nailed it to the window sill. In a few moments there was a crowd of five hundred angry people in front of his place.

The excitement was growing when a fireman, who had crawled up the fire escape in the rear of the building and let down a rope with an iron hook attached, wrenched the emblem of anarchy from its fastenings and sent it down into the street, where it was quickly torn to pieces.

Doty soon appeared on the sidewalk, and he attempted to abuse the fireman. He was knocked down several times, and but for the timely appearance of the police, might have been hung up to a lamp-post by the angry crowd.

The Business Portion of Depere, Wis., Destroyed—The Flames in Illinois.

MILWAUKEE, Wis., May 1.—A dozen buildings in the business centre of Depere, were burned last night. Loss about $60,000; insurance $25,000.

BLOOMINGTON, Ill., May 1,—At 11:30 last night a telegram was received from Clinton, this county, a town of 4,000 inhabitants, saying that a great fire was raging in the business portion of the place, threatening the destruction of the entire town, and asking Bloomington to send her fire department, which was done.

Many of the best buildings of the town were destroyed, including business buildings, the postoffice, the Odd Fellows' hall and the *Gazette* printing office. Two men were badly hurt by falling walls.

WEDNESDAY, MAY 1, 1889.

EX-GOVERNOR GRAY has opened a law office at Indianapolis.

FRANCIS MURPHY is reforming the drinking habits of Richmond.

THE supreme court defeated the legislative bill controlling the Indianapolis police, and now the council of that city proposes to have a police force purely republican.

THE appointment of Hugh Stewart as postmaster at Monroeville, is published from the department records at Washington, indicating that it will stand over the protests of the republicans.

COUNTERFEIT ten dollar greenbacks similar to those which appeared in this city a few days ago are flooding the banks and business houses of St. Louis, Indianapolis and a hundred smaller towns.

ON and after to-day the railway mail service will be subjected to the civil service law, rules and regulations and all appointments to positions. Others than those accepted by law will thereafter be made only upon certification from the civil service commission.

THE frightful casualty to young Robinson yesterday ought to be a warning against the danger of leaping on railroad trains, but it will not. The police can stop this practice if they choose to and the railroad companies should cooperate heartily with them. There is a crying need of this reform and it must come.

THE London pavements which strike every visitor from this side of the water as so perfect are receiving a tremendous amount of local abuse now. Wood and asphalt are too slippery; macadam can't stand the heavy wear. The opinion is freely heard that London "has not yet solved the problem of street pavements, and seems as far off from it as ever."

THE grand commandery, Knights Templar of Indiana, met at Indianapolis yesterday in the thirty-fifth annual session. There are thirty-one commanderies in the state, all of which are represented. They have a membership, as reported by W. H. Smythe, grand secretary, of 2,967—an increase of eighty-six over last year. The cash balance in the treasury is $3,571.81.

GOVERNOR HOVEY says that the supreme court decision settled the controversy between him and the legislative appointees only so far as the librarian, trustees of the insane hospital and directors of the state prison south are concerned, and that all others will have to bring suit to settle the matter. The governor should have a court opition on the constitutionality of the legislature.

ON Wednesday of next week, May 8, the first Scotch-Irish congress of the United States will open in Columbia, Tenn., and it will continue in morning and evening sessions, until Saturday, the 11th. It will of necessity be a mass convention, to which all who have an intermixture of Scotch and Irish blood are invited to participate, and people of every other lineage are also cordially invited to attend. A great many distinguished gentlemen are announced for addresses.

STATE TREASURER LEMCKE has not yet received any response to his telegrams and letters to the New York German Savings bank regarding the state loan. It was expected that they would at once respond to the telegram asking if they desired to have the supreme court's opinion submitted to the state authorities of New York. It is believed probable that they are waiting to carefully examine the opinion, and that they will make known their intentions in a communication by mail.

MR. CHAUNCEY M. DEPEW'S versatility as a diner-out was well demonstrated the other evening. He was engaged to preside at the great birthday dinner given at Delmonico's, New York. He was also booked to appear at the dinner given in honor of Minister Whitelaw Reid, at the Lotos club. After standing the dinner at Delmonico's Mr. Depew jumped in a carriage and was driven to the Lotos. He joined the dinner at the roast. Being early called upon he made one of his delightful speeches and then hastened back to Delmonico's. There he delivered a beautiful tribute to Grant's memory and introduced the other speakers of the evening. Yesterday he was the officer of the day at New York city.

Sons of Veterans.

The Sons of Veterans gave a very pleasant entertainment, last evening, at their headquarters, Sion S. Bass post hall. Addresses were delivered by Rev. R. M. Barns, Mr. T. W. Blair and others and musical exercises enlivened the program.

At 11 o'clock a banquet was spread after which dancing was enjoyed until an early hour in the morning. The committees doing the honors of the evening were:

On Invitation—W. E. Geller, J. W. Brown, G. W. Meyers, Edwin Bricker, W. Strausburg.

On Reception—T. W. Blair, J. W. Brown, H. W. Stick, G. W. Meyers, Wm. Holmes.

Floor Managers—E. H. Bookwalter, E. C. Close, Henry Miller.

The Morton club closed its social features for the season last night and timed, too, to observe the anniversary of General Washington's inauguration.

A concert of five numbers introduced the program of the evening and Prof. Fred Reinake and a full orchestra did the honors. Mr. H. J. Seibold sang a solo and was rewarded with an encore.

A dance program of twenty numbers was pursued and only the supper, served by Barnes, divided this pleasure.

There were present Dr. and Mrs. A. J. Laubaugh, Mr. and Mrs. C. R. Higgins, Mr. and Mrs. W. L. Carnahan, Mr. and Mrs. A. C. Keel, Mr. and Mrs. B. W. Skelton, Mr. and Mrs. R. T. Last evening at the home of the bride's parents, No. 107 Lafayette street, occurred the marriage of Miss Fianna A. Mendenhall and Mr. Fred Hull. The ceremony was performed by Rev. J. C. Cromer in the presence of a few invited friends and was an enjoyable event. Mr. and Mrs. Hull have taken a pleasant residence on Spy Run avenue, where they are at home to their friends. Mr. Hull is in charge of the supply department at the Newspaper Union in this city. His wife is a pretty and accomplished young lady and the many friends of the young people are profuse in their congratulations.

The coroner is said to have remarked that if Pond's Extract had been used, the famous epitaph might have been inscribed on his door-plate instead of his tombstone, slightly changed as thus to meet the exigencies of the case.

When near Death's door, he tried

Lord Salisbury is inclined to increase the support given to indigent literary men by the English government.

According to its constitution, the German Evangelical Lutheran Synod, now in session at Indianapolis, can not adjourn until its work is finished, and this prevented an extended observance of the Washington Centennial. The discussion of the Sacrament of the Lord's Supper was continued, and the conclusions reached in yesterday's meeting were formally adopted. Delegates to the Synodical Conference meeting next year at Minneapolis were elected. The conference is of various synods of America, which together have a membership of 3,000 preachers. The delegates are, Revs. H. C. Schwan, J. H. Nieman and C. Gross. Lay delegates from the Second Lutheran church, of Indianapolis, and from the Laporte congregation were also selected. Delegates from the several precincts of the middle section of the Missouri synod, were elected to be sent to the meeting of the joint Missouri synod next year.

Don't Get Caught.

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid and whole system liable to be prostrated by disease, but get yourself into good condition, and ready for changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving an appetite and for a general spring medicine.

John Bright left no public legacies, it being his opinion that the support of public institutions should come from the living.

Forced to Leave Home.

Over 60 people were forced to leave their homes yesterday to call for a free trial package of Lane's Family Medicine. Rome City for 1889—Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

Spring Medicine

For a good spring medicine we confidently recommend Hood's Sarsaparilla. By its use the blood is purified, enriched and vitalized, that tired feeling is entirely overcome and the whole body given strength and vigor. The appetite is restored and sharpened, the digestive organs are toned, the kidneys and liver invigorated. If you have never tried Hood's Sarsaparilla is prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Juniper Berries, and other well known vegetable remedies, by a combination, proportion and process peculiar to itself, and by which the full medicinal value of all the ingredients used is secured. Hence it possesses superior and positive curative power.

Hood's Sarsaparilla

do so this season. It is a thoroughly honest and reliable preparation, purely vegetable, and contains no injurious ingredients whatever. Thousands who have taken it with benefit testify to its peculiar curative power.

"I take Hood's Sarsaparilla as a spring tonic, and I recommend it to all who have that miserable tired feeling." C. PARMELEE, 349 Bridge Street, Brooklyn, N. Y.

Purifies the Blood

"Every spring for years I have made it a practice to take from three to five bottles of Hood's Sarsaparilla, because I know it purifies the blood and thoroughly cleanses the system of all impurities. That languid feeling, called 'spring fever,' will never visit the system that has been properly cured for by this never-failing remedy." W. H. LAWRENCE, Editor Agricultural Epitomist, Indianapolis, Ind.

Makes the Weak Strong

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any other preparation.

100 Doses One Dollar

Hood's Sarsaparilla is sold by druggists. $1; six for $5. Prepared by C. I. Hood & Co., Lowell, Mass.

Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in this style 1 have used Johann Hoff's & Bottles only Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is obtained down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is surely as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

WEDNESDAY, MAY 1, 1889.

MAY OPENS HER BUDGET!

Of Local News and Gossip and it is Gathered by our Railroad Reporter.

There are twenty-seven working days in this month.

The shop employes commenced another month's work to-day.

Secretary J. H. Wilder, of the Olds wheel works, is at Chicago to-day.

The Olds wheel works closed down at noon yesterday and gave their employes a half holiday.

The month of April ended with a railroad accident in this city that carries its own lesson with it.

Capt. Thomas Toomey, of the Bass works, is off duty on account of the serious illness of his daughter.

The Kerr Murray works have shipped a consignment of ten cars of gas apparatus to Bowling Green, Ky.

An electrical headlight for locomotives has been invented by a St. Louis man which is said to work satisfactorily.

The Wabash shops are closed down to-day on account of some repairs which are being made on the engines running the machinery.

Charles Trabaugh, of the Pittsburg blacksmith shops, has returned from a week's vacation, which he spent among friends at Lima, Ohio.

The Pullman Car company is considering a plan for locating part of their extensive shops at St. Louis. Better bring them to this city.

Wm. Eberhart, moulder at the Bass works, is tussling with the two of "Job's comforters," which have perched themselves in an uncomfortable position on his neck.

Wm. Hauke, moulder at the Bass works, was out fishing yesterday. He had a fish weighing seventeen pounds on his hook at one time, but in some way it escaped.

The advertising car of King & Franklin, proprietors of a circus which is to appear in the city in a few weeks, is standing on the Pittsburg tracks at the south depot to-day.

Henry Robinson, of the Pittsburg blacksmith shop, is off duty on account of the injuries of his son. He was injured on the railroad, as mentioned in our yesterday's paper.

A fine freight run is reported from the Wabash offices, in which two cars of bananas starting from New Orleans last Tuesday during the day time, arrived here, ready for delivery, at 7:25 Friday morning. The Wabash's new fast fruit train contributed very materially to the speed of the run, which is remarkable for a freight.

Stephen Brown, engineer at the Bass works, went up the river fishing yesterday. "I didn't catch any fish," Steve to our reporter this morning, "in I don't know why. The other fellows handed them out at a lively rate, but the tinny tribe seemed to be afraid my hook," and he heaved a sigh as he thought of his unprofitable day's pleasure.

It seems that the Wabash purchasing committee have at last recognized the claims of the dissenting bondholders, and have arranged to place a large block of the new four per cent. bonds with which to pay off their claims. This indicates that within the next sixty days the Wabash will be out of its financial troubles and again consolidated with the Wabash Western.

William Hatfield, one of the valued foremen of the Olds wheel works, resigned his position yesterday to give his attention to a valuable attachment to a street car, of which he is the inventor, and mention of which has before been made in these columns. Mr. Hatfield was the foreman of the band saw department. He has been in the employ of the Olds works for a number of years and stood high in the estimation of his employers, who will regret to loose his services.

The body is more susceptible to benefit from Hood's Sarsaparilla now than at any other season. Therefore take it now.

A Baltimore factory will bake 15,000 pies a day.

100 Ladies Wanted,

And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy, discovered by Dr. Silas Lane while in the Rocky Mountains. For diseases of the blood, liver and kidneys it is a positive cure. For constipation and clearing up the complexion it does wonders. Children like it. Everyone praises it. Large size package, 50 cents. At all druggists'.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own in size. He therefore let go his own, and fiercely attacked the other Dog; to get his larger piece from him. He thus lost both. —*Æsop's Fables.*

The above cut represents the HOWARD FURNACE which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and will allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces.

HE IS A DAISY.

Aurelius Payne is Eight Times Married and Weds a Maid of Twenty.

This morning Esquire France officiated at a novel wedding. It was the marriage of Aurelius Payne to Miss Alice Coleman.

The groom is past seventy-years, while the bride is scarcely twenty, linking winter and spring with the chains of Cupid.

Mr. Payne has a record such as old bachelors glare at with venomous envy. He has been married eight times, and tasted the sweets of as many honeymoons.

He buried six wives, was divorced from the seventh, and now the eighth, a blooming maid, lolls peacefully in his experienced arms.

Fellows who decry marriage a failure will hereafter hold their peace.

HE'S ALL RIGHT.

The excitement at Monroeville continues and proves a rare picnic for the democracy.

Wounded in the Army.

I was wounded in the leg at the battle of Stone River, December 31, 1862. My blood was poisoned from the effects of the wound, and the leg swelled to double its natural size, and remained so for many years. The poison extended to my whole system, and I suffered a thousand deaths. Nothing did me any good until I took Swift's Specific, which took the poison out of my blood, and enabled me to feel myself a man again. S. S. S. is the remedy for blood poison.

JOHN CONWAY, London, O.

CATARRH IN CHILDREN.

Our little boy Stokes, now eleven years old, had catarrh from the time he was three until he was seven years of age. Sometimes his breathing was heavy, and a constant discharge from the nose. He had more or less treatment for four years, but without any benefit. We gave him Swift's Specific, and it soon cured him sound and well. This was four years ago, and there has been no return of the disease.
